The term of the CA is from 1 April 2023 to 31 December 2024 and comes into force on 1 April 2023.

10 HOURS OF WORK

10.1 Statement of Intent

The employer recognises the need for staff to balance their work life with their recreational and home life and is committed to active participation in the management of workloads and working time that achieves staff and management goals, and results in realistic work expectations. Employers and the PSA recognise that a degree of stress is a part of the modern workplace. The employer makes a commitment to working with employees to develop policies and practices that attempt to minimise the negative impact stress has on employees lives and that workloads are reasonable and able to be achieved within the employee's rostered hours of work.

Nothing in this document is intended to vary existing hours of work arrangements except by consultation between parties.

10.2 The Week

The week shall start and end at midnight each Sunday. When the major part of a duty falls on a particular day, the whole duty shall be regarded as being worked on that day. This provision does not relate to remuneration but only to rostering conventions for days off.

10.3 Ordinary Hours of Work

Unless otherwise specified the ordinary hours of work shall be either:

- (a) 80 hours in each 2-week period (14 days), worked as not more than 10 duties, provided that for rostered shift work the ordinary hours of work may average 40 hours per week during a period of up to 7 weeks, or the applicable roster period, whichever is the lesser; or
- (b) 80 hours in each 2-week period (14 days), worked as not more than 10 duties between 0600 and 2000 hours, Monday to Friday,
- (c) Except for overtime, no employee shall work more than 7 consecutive duties before a day(s) off, provided that an alternative arrangement may be implemented by agreement between the employer and a majority (measured in full-time equivalents) of the directly affected employees.
- (d) The ordinary hours of work for a single duty shall be up to a maximum of 10 hours.
- (e) A duty shall be continuous except for the meal periods and rest breaks provided for in this agreement.
- (f) Except for overtime, and except where an alternative arrangement is operating, each employee shall have a minimum of 4 days off during each 2-week period (14 days).

10.4 Rosters

- (a) The Health and Safety at Work Act 2015 section 36 requires the employer to take all practical steps to prevent harm occurring to employees from the way work is organised.
- (b) Therefore, in designing and implementing shift rosters to meet service needs, the employer shall ensure the disruption, personal health effects and fatigue associated with shift work are minimised for the group of workers involved. Roster templates and changes to roster templates shall be jointly developed and reviewed by the employer, representatives of affected employees and the PSA.
- (c) Where an employee is required to start and/or finish work at changing times of the day and/or on changing days of the week, then a roster shall be produced.
- (d) The roster period shall be 4 weeks (28 days) or greater, except that it may be less for services where unpredictable service demands make this impracticable.
- (e) Rosters shall be notified to the employees involved at least 3 weeks (21 days) prior to commencement of the roster period, except that the minimum period of notification for roster periods of less than 4 weeks shall be 2 weeks (14 days). Less notice may be given in exceptional circumstances.
- (f) Single days off shall be avoided as a routine rostering device, and there shall be no more than 1 single day off for an employee during a 4-week period.
- (g) Employees may change duties with one another with the prior approval of the employer.
- (h) For employees working on 4 & 2 roster the roster cycle shall be for a 6-week period of 4 days on duty followed by 2 days off duty.

- (i) Refer to Appendix 9 for individual DHB 4 and 2 rostering provisions.

10.5 Minimum Breaks

- (a) A break of at least 9 continuous hours must be provided wherever possible between any 2 qualifying periods of work. Except that if a 10-hour duty has been worked then a break of 12 continuous hours must be provided wherever possible.
- b) The qualifying periods of work for the purposes of this clause are:
 - i. A duty, including any overtime worked either as an extension or as a separate duty, or;
 - ii. Call-back where 8 hours or more are worked continuously.
- c) If a call-back of less than a continuous 8-hour period is worked between 2 other qualifying periods of work, a break of 9 continuous hours must be provided either before or after the call-back. If such a break has been provided before the call-back it does not have to be provided afterwards as well.
- (d) If a break of at least 9 continuous hours –or 12 – cannot be provided between qualifying periods of work, the period of work is to be regarded as continuous until a break of at least 9 or 12 continuous hours is taken and it shall be paid at the overtime rate.
- (e) Time spent off duty during ordinary hours of work solely to obtain a 9 – or 12 – hour break shall be paid at the normal hourly rate of pay. Any absence after the ninth – or twelfth – continuous hour of such a break, if it occurs during ordinary hours of work, shall be treated as a normal absence from duty.

10.6 Additional Provisions for Employees working Alternative Rosters

In specific instances, i.e., shifts of longer or variable lengths, the ordinary hours for a fulltime employee are able to be averaged over a roster cycle of greater than 1 fortnight e.g.: an employee who works 12-hour shifts may work 120 hours over a 3-week roster and be considered to be fulltime. No employee shall be required to work more than a 12-hour rostered shift.

- (a) Alternative hours of work may be implemented by agreement between the employer, the employees directly affected and the PSA. Such agreement shall be in writing and signed by the representatives of the parties.
- (b) Every employee shall have 2 periods of at least 24 hours off duty each week, and except in the case of emergencies or by agreement, these shall be consecutive. These off-duty periods may fall separately no more than once every 4 weeks for the following reasons:
 - At the request of the employee, or
 - To facilitate rostering
- (c) No employee working 10 hours per rostered shift shall work more than 5 consecutive duties. Where 5 consecutive 10-hour duties are worked the employee must then have a minimum of 3 consecutive 24-hour periods off duty.

- (d) No employee working 12 hours per rostered shift shall work more than 4 consecutive duties. Where 4 consecutive 12-hour duties are worked, by agreement with the employee, then the employee must then have a minimum of 4 consecutive 24-hour periods off duty. It is recognised that 3 consecutive 12 hours shifts are the preferred maximum. Where 3 consecutive 12-hour shifts are worked the employee must have a minimum of 3 consecutive 24-hour periods off duty.
- (e) Meal Breaks and rest periods shall be observed in accordance with clause 11.0. In addition, an employee who works a 12-hour shift shall be allowed 2 meal breaks, one paid and one unpaid, each of not less than half an hour. The second meal break is to be taken after having worked 8 hours of the shift. Such meal breaks shall be arranged so as to be spaced as near as possible at equal intervals.
- (f) Minimum breaks between duties: Refer clause 10.5
- (g) Overtime - the following payments shall apply:
 - i. 10-hour shifts: 1 and 1.5 the normal/ordinary hourly rate of pay (T1.5) after 10 hours for the 11th hour, then double the normal/ordinary hourly rate of pay (T2) for all hours worked thereafter;
 - ii. 12-hour shifts: double the normal/ordinary hourly rate of pay (T2) for all hours worked in excess of a rostered 12-hour shift;
 - iii. For those fulltime employees working 12-hour shifts, overtime shall apply after 120 hours averaged over 3 weeks (Refer Clause 14.3).
- (h) Annual Leave / Sick Leave: each day of annual leave or sick leave shall be calculated and paid according to the number of hours rostered to work on the day of such leave.

10.7 Hours of Work Requirements

- (a) The employer shall document the hours of work requirements for each position for which an employee, other than a casual employee, has been engaged or is for the time being fulfilling. The written hours of work requirements shall be provided to the employee.
- (b) Hours of work requirements shall comply with all of the provisions of clause 10.3 of this agreement (“hours of work”).
- (c) Hours of work requirements shall reflect actual hours of work and shall be specified in terms of:
 - i. The times of the day for which an employee is required to be available for the ordinary duty hours of work and
 - ii. The days of the week for which an employee is required to be available for the ordinary weekly hours of work, and
 - iii. Any overtime or on-call requirements or opportunities.

10.8 Flexible Work

The parties support the Public Service Commission/Te Kawa Mataaho’s “flexible by default” principles:

- IF NOT, WHY NOT - All roles are treated as flexible unless there is a genuine business reason for a role not to be. Flexibility is equally available to women, men, and gender-diverse employees, irrespective of the reason for wanting it. Working flexibly will not undermine career progression or pay.
- WORKS FOR THE ROLE - Every role should be suitable for some form of flexibility but not every type of flexibility will work for every role. Genuine business reasons may mean that some types of flexibility cannot be implemented for some roles.
- WORKS FOR AGENCIES AND TEAMS - Flexible working should not be viewed as something which is just agreed between an employee and manager. This means that the impact of flexible arrangements should be considered on teams, and the agency as a whole.
- REQUIRES GIVE AND TAKE - Flexibility requires give and take between the employee, manager, and team. It also places collective obligations on employees, managers, and teams to be open and adaptable so that it works for everyone.
- MUTUALLY BENEFICIAL - Flexible working needs to work for the agency, teams, and employees. Consideration should be given to how flexible work arrangements can maintain or enhance service delivery and the performance of the agencies, teams, and employees. It should not result in increased workloads for employees working flexibly, or for other team members who are not.
- ACTIVELY CHAMPIONED BY LEADERS - Leader's support, champion and role model flexible working for their teams and themselves.

10.9 Changing Time

Where an employee is required by the employer to wear a particular uniform or set of clothing on duty and it is not permitted by the employer to wear that uniform/clothing other than within the precincts of the workplace, the employer shall be allowed a period of 6 minutes, both at the start and end of each duty, as changing time.

10.10 Variation of Hours of Work Requirements

- (a) Emergencies
The employer may require variations to hours of work requirements to meet the needs of emergencies.
- (b) Occasional variations
Occasional variations to the times of day and/or days of week to meet service requirements shall be by agreement between the employer and the directly affected employee(s).
- (c) Long term / permanent changes to hours of work requirements
Except as provided for above, where the employer requires an employee to change their hours of work requirements to meet service needs, then a minimum of 12 weeks prior notice of the change shall be given for the purpose of reaching written agreement between the employee and the employer. Such agreement shall not be

unreasonably withheld. A shorter period of notice than 12 weeks may be applied by agreement. The employee's representative shall also be advised of the notice of the change at the same time as the employee.

- (d) No employee shall be discriminated against for not agreeing to change their hours of work requirement. This does not prevent the Management of Change process applying. There will be circumstances/situations where the management of change provisions will be the more appropriate way of proceeding with approved changes in hours.

10.11 Otago Public Health Nurses 37.5 hours Public Health Nurses

The ordinary hours of work for a fulltime employee shall not exceed 75 in each fortnight, 6.00 a.m. to 8.30 p.m. Monday to Friday and shall not be less than 7 and 1/2 hours and not more than 10 in any one duty. Rosters are not to include duties of varying lengths in any one block (between days off) except one in a cycle to obtain an exact average of 80 hours per fortnight.

11 MEAL BREAKS AND REST PERIODS

- (a) The employer undertakes to stress to operational managers the need for staff to be able to take an adequate meal break during their working day, and their responsibility to ensure that this happens to the best of their ability.
- (b) Casual staff are entitled to meal breaks and payments for such breaks as apply equally to permanent staff.
- (c) Except when required for urgent or emergency work and except as provided in (e) below, no employee shall be required to work for more than 5 hours continuously without being allowed a meal break of a minimum of half an hour.
- (d) An employee unable to be relieved from work for a meal break shall be allowed half an hour to have a meal on duty and this period shall be regarded as working time.
- (e) Except where provided for in (c) above, an employee unable to take a meal after 5 hours duty shall be paid at time-half rate (T0.5) in addition to normal/ordinary rate of pay from the expiry of 5 hours until the time when a meal can be taken.
- (f) Rest breaks of 10 minutes each for morning tea, afternoon tea or supper, where these occur during duty, shall be allowed as time worked.
- (g) During the meal break or rest breaks prescribed above, free tea, coffee, milk, and sugar shall be supplied by the employer. Where it is impractical to supply tea, coffee, milk, and sugar free of charge, an allowance in lieu shall be paid as follows:
 - a. Northland - \$1.25 per week
 - b. Tairāwhiti - \$1.31 per week
 - c. Lakes, Waikato, Bay of Plenty - \$3.50 per day

Employees on an unspecified sick / domestic leave scheme shall have their sick leave move to the specified scheme contained in clauses 22.1 to 22.9 above. This change will occur from their next anniversary date after 11 August 2008.

At that time, they shall be credited an accumulated sick / domestic leave balance calculated as follows. For each year of service in the present District, the employee shall be credited with a nominal 10

days' leave (pro rata for part timers). From that amount they shall have deducted all sick and domestic leave used. The residue shall then become the available balance as at the date upon which clause 22 becomes applicable to that employee.

To determine the sick leave balance for staff moving from unspecified to specified model, the following shall apply:

- i. Determine the accumulated sick leave balance at the date the employee commenced entitlement to unspecified sick leave,
- ii. Add 10 days sick leave for each subsequent year of service, pro-rata for part timers,
- iii. Subtract any sick leave taken during the period of entitlement to the unspecified sick leave provision.

In the absence of an adequate historic record which precludes the above process, the calculation described above shall commence from 1 July 2001.

Where there is an obligation from the previous regional document to maintain records when moving from specified sick leave to unspecified sick leave DHBs need to go back to the date they moved to unspecified sick leave. Where records do not exist the PSA and the DHB will agree on a process to arrive at a translational balance.

23.6 The provisions of this clause are inclusive of the provisions of the Holidays Act 2003.

23.7 Domestic Leave as described in this clause is leave used when the employee must attend a dependent of the employee.

23.8 It does not include absences during or in connection with the birth of an employee's child. Annual leave or parental leave should cover such a situation.

23.9 At the employer's discretion, an employee may be granted leave without pay, where the employee requires additional time away from work to look after a seriously ill dependent.

23.10 The production of a medical certificate or other evidence of illness may be required.

23.11 Sick leave during paid leave:

When sickness occurs during paid leave, such as annual or long service leave, the leave may be debited against the sick leave entitlement, (except where the sickness occurs during leave following the relinquishment of office) provided that:

23.11.1 The period of sick leave is more than 3 days and a medical certificate is produced.

23.11.2 In cases where the period of sickness extends beyond the approved period of annual or long service leave, approval will also be given to debiting the portion, which occurred within the annual leave or long

service leave period, against sick leave entitlement, provided the conditions in Clause 23.3 and 23.8 above apply.

23.11.3 Annual leave or long service leave may not be split to allow periods of illness of 3 days or less to be taken.

23.11.4 During periods of leave without pay, sick leave entitlements will not continue to accrue.

23.12 Where an employee has a consistent pattern of short-term Sick Leave, or where those absences are more than 10 working days/shifts or more in a year, then the employee's situation may be reviewed in line with the DHB's policy and Sick Leave practices. The focus of the review will be to assist the employee in establishing practical arrangements to recover from sickness or injury.

23.13 Transport for injured employees

23.13.1 Where the accident is work related and the injury sustained by the employee necessitates immediate removal to a hospital, or to a medical practitioner for medical attention and then to their residence or to a hospital, (medical attention away from the residence not being required), the DHB is to provide or arrange for necessary transport, pay all reasonable expenses for meals and lodging, incurred on or on behalf of, the employee.

23.13.2

- i. Work-related Accidents – Where an employee is incapacitated as a result of a work accident, and that employee is on earnings related compensation, then the employer shall then supplement the employee's compensation by 20% of base salary during the period of incapacitation. This shall be debited against the employee's sick leave. The employer may agree to reimburse the employee for treatment and other expenses or for financial disadvantage incurred as a result of a work-related accident. This agreement will be on a case-by-case basis.
- ii. Work-related Assaults- Where an employee is incapacitated as a result of a workplace assault (including without limitation injuries suffered during restraint of a patient), and that employee is on earnings related compensation, then the employer will top up the ACC payments to 100% of normal/ordinary rate of pay during the period of incapacitation. This shall not be debited against the employee's sick leave. The employer will reimburse the employee for any costs incurred that are part charges for ACC agreed treatment and other associated ACC expenses.

23.13.2 Non-work related Accidents – Where an employee is incapacitated as a result of a non-work related accident, and that employee is on earnings related compensation, then the employer shall then supplement the employee's compensation by 20% of base salary during the period of incapacitation. This shall be debited against

the employee's sick leave.

24 BEREAVEMENT/TANGIHANGA LEAVE

Such obligations may exist because of blood or family ties or because of particular cultural requirements such as attendance at all or part of a Tangihanga (or its equivalent). The employee may have a combination of leave-on-pay and leave-without-pay, with the leave-on-pay being at the employer's discretion. This will be addressed on a case-by-case basis.

24.4 In granting time off managers must administer these provisions in a culturally sensitive manner. Managers are encouraged to seek advice from their Māori or appropriate cultural advisor on the organisational response.

24.5 In granting time off, and for how long, the employer must take into account the following points:

- (a) Whether the employee has to take significant responsibility for any or all of the arrangements to do with the ceremonies resulting from the death.
- (b) The amount of time needed to discharge properly any responsibilities or obligations.
- (c) Reasonable travelling time should be allowed. For cases involving overseas travel payment may not cover the full period of travel.
- (d) A decision must be made as quickly as possible so that the employee is given the maximum time possible to make necessary arrangements. In most cases the approval will be given immediately but may be given retrospectively.
- (e) If paid special leave is not appropriate then annual leave or leave without pay should be granted, but as a last resort.

24.6 Payment for bereavement leave will be as follows:

- (a) On the death of an immediate family member employees are entitled for up to 3 days of bereavement leave to be paid at relevant daily pay. Where more

than 3 days of bereavement leave on pay is approved, payment will be made at normal/ordinary rates of pay (T1 rates).

Any long service leave actually taken, shall be deducted from that entitlement and the residue shall become the remaining entitlement. The remaining entitlement shall be added to any further accrual, with the leave being taken in accordance with the clause above.
- 25.5** In the event of the death of an employee who was eligible for long service leave but did not take the leave, any monies due will be paid to the deceased estate.

- 33.6** The parties to the Agreement recognise that effective Health and Safety Committees are the appropriate means for providing consultative mechanisms on Health and Safety issues in the workplace.

33.7 Workload Management

- 33.7.1** Where Care Capacity Demand Management (CCDM) FTE calculations have not been agreed by the parties, PSA and local management will meet to agree the minimum numbers of safe staffing needed in each ward/service/workplace to provide safe and effective care to patients. The discussion should also consider the ratio of staff and skill mix, data available and any relevant benchmarks. This will follow the same endorsement process as FTE calculations for wards/departments fully implemented with CCDM, including annual reviews, through the local CCDM Data Councils and district CCDM Councils
- 33.7.2** Regular meetings (preferably once a month) will be held between the managers and PSA delegates at the unit level.

33.7.3 Agreement should also be made at the unit/ level to ensure that where the acuity in a ward /or workloads in a community setting increases and staff and patients become unsafe additional staff can be brought in. The agreement should clearly specify who is responsible to make the call to increase staffing levels.

33.7.4 Where additional staffing cannot be brought in the escalation process outlined in appendix 2 to reduce patient numbers in the ward or reduce the workloads in community settings, should be implemented.

34 UNIFORMS AND PROTECTIVE CLOTHING & EQUIPMENT

34.1 Uniforms

Where the employer requires an employee to wear a uniform it shall be provided free of charge and shall remain the property of the employer.

Uniforms will be provided and replaced on a fair wear and tear basis where required as per the employer's policy.

34.2 Protective Clothing and Safety Equipment.

Protective clothing and safety equipment such as safety footwear and glasses will be provided where the nature of work requires it and to enable employees to perform their duties in a safe and appropriate manner. Where employees are required to purchase their own safety equipment, those employees shall be reimbursed the cost on production of receipt.

34.3 Damage to Personal Property.

An employee shall be reasonably compensated for damage to personal property worn on duty or reimbursed dry cleaning charges for excessive soiling to personal clothing worn on duty, provided the damage or soiling did not occur as a result of the employee's negligence, or failure to wear the protective clothing provided. Each case shall be determined on its merits by the employer.

34.4 Clothing Allowance - Refer to Appendix 3.

35 PAYMENT OF SALARY

35.1 Employees will be paid fortnightly in arrears by direct credit or cheque. The employer will use its best endeavours to pay employees no later than one working day prior to the weekend.

35.2 Where employees have taken leave in advance of it becoming due and leaves the DHBs employment before the entitlement has accrued, the employer will deduct the amount owing in excess of entitlement from employees' final pay.

35.3 Any monies agreed as being owed by employees to the employer upon termination will be deducted from employees' final pay.

36 ENDING EMPLOYMENT

36.1 Notice Period

- (a) 4 weeks written notice of termination of employment shall be given by either the employee or the employer, except in the case of serious misconduct where an employee may be summarily dismissed. The notice period may be varied by agreement between the employee and the employer.
- (b) The employer may pay an employee in lieu of notice, whether in whole or in part, without requiring the period of notice paid in lieu to be worked by the employee.
- (c) Where the employment is terminated by either the employee or the employer without the required notice period, that notice period shall be paid or forfeited as the case may require, except that in the case of termination of employment by summary dismissal, wages paid will be those due at date of termination only.
- (d) Upon the termination of employment, employees shall return to the employer all equipment and protective clothing belonging to the employer. Notwithstanding anything contained elsewhere in this Agreement, the employer may deduct the value of any such property not returned from any final payment owing.

36.2 Abandonment of Employment

An employee absent from work for three consecutive working days without appropriate authorisation from the employer will be considered by the employer as having abandoned their employment, unless the employee is able to show they were unable to fulfil their obligations under this section through no fault of their own. The employer will make all reasonable efforts to contact the employee during the 3-day period of un-notified absence.

37 CONFIDENTIALITY/PUBLIC STATEMENTS

- 37.1** In recognition of the rights and interests of the public in the health service employees reserve the right to enter into public debate over matters relevant to their professional expertise and experience.
- 37.2** If an employee is concerned about any issues regarding their practice, the practice of the employer, or other matters with respect to the operation of the employer, the parties agree that, in the first instance, the matter should be raised in-house as a matter of course with the appropriate manager, or the person responsible for Protected Disclosures.
- 37.3** If the concerned employee is not satisfied with the response given, then they may

speaking out on the issue of concern provided that they identify themselves as speaking as authorised by and on behalf of PSA. Before speaking out on the issues of concern, these comments are to be discussed with the employee's appropriate manager prior to release in order that the employer has the opportunity to discuss any effects which such comments might have on the employer's business.

- 37.4** Attention is drawn to the applicable DHB or employer Media Policy and the Privacy Act.

38 PREVENTION OF HARASSMENT AND VIOLENCE IN THE WORKPLACE

- 38.1** Employees should refer in the first instance to the provisions and procedures specified in the employer's Harassment Policy. The employee's attention is also drawn to clause 42 Employment Relationship Problems. Harassment can take many forms, including sexual harassment, bullying, racial harassment, violence, and other forms of intimidating behaviour. Guidelines for Supervisors and Guidelines for complainants are available from the human resources department.
- 38.2** Te Whatu Ora has a zero-tolerance policy regarding violence in the workplace, wherever it is, whatever form it takes, whomever it affects. We need to prevent violence before it starts, take immediate action when we see it, and report all incidents. All assaults will be investigated in line with Te Whatu Ora policy. The process should be seen not as one to apportion blame but to learn and improve systems. Te Whatu Ora will have a policy regarding lodging a police complaint where a staff member has been assaulted.
- 38.3** To give effectiveness to this, it is the joint responsibility of the employer and employees for training attendance and following the policies/processes put in place to maintain safety. Each workplace should have a sufficient number of Health and Safety representatives elected and trained.
- 38.4** In the term of this document, each unit should jointly develop and adopt a risk management plan to manage and reduce violence as part of the risk management strategy. The plan should identify additional resources available as required to manage patients and protect other patients and staff.
- 38.5** All assaults either physical or verbal should be entered in the Risk Management System. The register should be reviewed regularly at the delegate/ management meeting.

39 CONSULTATION, CO-OPERATION, AND MANAGEMENT OF CHANGE

39.1 Statement of Intent

- 39.1.1** For collective multi-District management of change processes refer Appendix 1.

- 39.1.2** It is recognised that ongoing changes are necessary to ensure the continuing quality of health services. These changes can be unsettling for staff.
- 39.1.3** The employer will consult when introducing change in order to seek solutions that consider the interests of the various groups involved. Information will be shared freely within the organisation and will be communicated in time for affected employees (and the PSA) to be involved in the consultative process.
- 39.1.4** All participants in the process have an equally valuable contribution to make to the process of managing change. A partnership in this process is highly desired.

39.2 Management of Change

- 39.2.1** The parties to this collective agreement accept that change in the health service is necessary in order to ensure the efficient and effective delivery of health services. They recognise a mutual interest in ensuring that health services are provided efficiently and effectively, and that each has a contribution to make in this regard.
- 39.2.2** Regular consultation between the employer, its employees, and the union is essential on matters of mutual concern and interest. Effective communication between the parties will allow for:
 - a. Improved decision making,
 - b. Greater cooperation between employer and employees; and
 - c. A more harmonious, effective, efficient, safe, and productive workplace.
- 39.2.3** Therefore, the parties commit themselves to the establishment of effective and ongoing communications on all employee relations matters.
- 39.2.4** The employer accepts that employee delegates are a recognised channel of communication between the union and the employer in the workplace.
- 39.2.5** Prior to the commencement of any significant change to staffing, structure or work practices, the employers will identify and give reasonable notice to employees who may be affected and to the PSA to allow them to participate in the consultative process so as to allow substantive input.
- 39.2.6** Reasonable paid time off at ordinary time rates shall be allowed for employee delegates to attend meetings with management and consult with employees to discuss issues concerning management of change and staff surplus.
- 39.2.7** Prior approval of such meetings shall be obtained from the employer and such approval shall not be unreasonably withheld.
- 39.2.8** Consultation involves the statement of a proposal not yet finally decided upon, listening to what others have to say, considering their responses and then

deciding what will be done. Consultation clearly requires more than mere prior notification.

- 39.2.9** The requirement for consultation should not be treated perfunctorily or as a mere formality. The person(s) to be consulted must be given sufficient opportunity to express their view or to point to difficulties or problems. If changes are proposed and such changes need to be preceded by consultation, the changes must not be made until after the necessary consultation has taken place.
- 39.2.10** Both parties should keep open minds during consultation and be ready to change. Sufficiently precise information must be given to enable the person(s) being consulted to state a view, together with a reasonable opportunity to do so – either orally or in writing.
- 39.2.11** Consultation requires neither agreement nor consensus, but the parties accept that consensus is a desirable outcome. However, the final decision shall be the responsibility of the employer.
- 39.2.12** From time-to-time directives will be received from Government and other external bodies, or through legislative change. On such occasions, the consultation will be related to the implementation process of these directives.
- 39.2.13** The process of consultation for the management of change shall be as follows:
- a. The initiative being consulted about should be presented by the employer as a “proposal” or “proposed intention or plan” which has not yet been finalised.
 - b. Sufficient information must be provided by the employer to enable the party/parties consulted to develop an informed response.
 - c. Sufficient time must be allowed for the consulted party/parties to assess the information and make such response, subject to the overall time constraints within which a decision needs to be made.
 - d. Genuine consideration must be given by the employer to the matters raised in the response.
 - e. The final decision shall be the responsibility of the employer.

The above process shall be completed prior to the implementation of clause 39.3.

39.3 Staff Surplus

- 39.3.1** When as a result of the substantial restructuring of the whole, or any parts, of the employer's operations; either due to the re-organisation, review of work method, change in plant (or like cause), the employer requires a reduction in the number of employees, or, employees can no longer be employed in their current position, at their current grade or work location (i.e. the terms of appointment to their present position), then the options in sub-clause 39.4 below shall be invoked and decided on a case by case basis in accordance with this clause.

39.3.2 Notification of a staffing surplus shall be advised to the affected employees and their Union at least 1 month prior to the date of giving notice of severance to any affected employee. This date may be varied by agreement between the parties. During this period, the employer and employee, who can elect to involve their Union Representative, will meet to agree on the options appropriate to the circumstances. Where employees are to be relocated, at least 3 months' notice shall be given to employees, provided that in any situation, a lesser period of notice may be mutually agreed between the employee and the employer where the circumstances warrant it (and agreement shall not be unreasonably withheld).

39.3.3 The following information shall be made available to the Union representatives:

- a. the location/s of proposed surplus
- b. the total number of proposed surplus employees
- c. the date by which the surplus needs to be discharged
- d. the positions, grading, names, and ages of the affected employees who are union members
- e. availability of alternative positions in the DHB.

On request the Union representative will be supplied with relevant additional information where available.

39.4 Options

39.4.1 The following are the options to be applied in staff surplus situations:

- a. Reconfirmed in position
- b. Attrition
- c. Redeployment
- d. Retraining
- e. Severance

39.4.2 Option (a) will preclude employees from access to the other options. The aim will be to minimise the use of severance. When severance is included, the provisions in subclause 39.9 will be applied as a package.

39.5 Reconfirmed in position

Where a position is to be transferred into a new structure in the same location and grade, where there is one clear candidate for the position, the employee is to be confirmed in it. Where there is more than one clear candidate the position will be advertised with appointment made as per normal appointment procedures.

39.6 Attrition

Attrition means that as people leave their jobs because they retire, resign, transfer, die or are promoted then they may not be replaced. In addition, or alternatively, there may be a partial or complete freeze on recruiting new employees or on promotions.

39.7 Redeployment

- 39.7.1** Employees may be redeployed to an alternative position for which they are appropriately trained (or training may be provided). Any transfer provisions will be negotiated on an actual and reasonable basis.
- 39.7.2** Where the new job is at a lower salary, an equalisation allowance will be paid to preserve the salary of the employee at the rate paid in the old job at the time of redeployment. The salary can be preserved in the following ways:
- i. lump sum to make up for the loss of basic pay for the next 2 years (this is not abated by any subsequent salary increases); or
 - ii. an ongoing allowance for 2 years equivalent to the difference between the present salary and the new salary (this is abated by any subsequent salary increases).
 - a. Where the new job is within the same local area and extra travelling costs are involved, actual additional travelling expenses by public transport shall be reimbursed for up to 12 months.
 - b. The redeployment may involve employees undertaking some on-the-job training.

39.8 Retraining

- 39.8.1** Where a skill shortage is identified, the employer may offer a surplus employee retraining to meet that skill shortage with financial assistance up to the maintenance of full salary plus appropriate training expenses. It may not be practical to offer retraining to some employees identified as surplus. The employer needs to make decisions on the basis of cost, the availability of appropriate training schemes and the suitability of individuals for retraining.
- 39.8.2** If an employee is redeployed to a position which is similar to their previous one, any retraining may be minimal, taking the form of on-the-job training such as induction or in-service education. Where an employee is deployed to a new occupation or a dissimilar position the employer should consider such forms of retraining as in-service education, block courses or night courses at a technical institute, nursing/bridges programmes, etc...

39.9 Severance

- 39.9.1** Payment will be made in accordance with the following:
- i. "service" for the purposes of this clause is included in Appendix 11 (Each Districts service clause will be included in the Appendices)
 - ii. One month notice or 8.33% of normal/ordinary rate of pay (T1

- rate only) for the preceding 12 months, in lieu of notice. This payment is regardless of length of service, and
 - iii. 12% of basic salary normal/ordinary rate of pay (T1 rate only) for the preceding 12 months, or part thereof for employees with less than 12 months service, and
 - iv. 4% of basic salary normal/ordinary rate of pay (T1 rate only) for the preceding 12 months multiplied by the number of years of service minus 1, up to a maximum of 19, and
 - v. Where the period of total aggregated service is less than 20 years, 0.333% of normal/ordinary rate of pay (T1 rate only) for the preceding 12 months multiplied by the number of completed months in addition to completed years of service.
- a. If the employee has 10 or more years' service, the full retiring gratuity as set out in the scale contained in Appendix 4 shall be paid.
 - b. Employees with less than 10 years' service, employed in those DHBs who have a retiring gratuity as prescribed in Appendix 4 and who are made redundant are entitled to the following:
 - i. Employees with not less than 8 years' service but less than 10 years' service shall be paid 2 weeks' normal/ordinary rate of pay (T1 rate only).
 - ii. Employees with not less than 5 years' service but less than 8 years' service shall be paid 1 week's normal/ordinary rate of pay (T1 rate only).

39.9.2 Additional Payments will be made as follows:

- a. Payment of a retiring gratuity if applicable.
- b. Any outstanding annual leave and long service leave may be separately cashed up.

39.9.3 Nothing in this agreement shall require the employer to pay compensation for redundancy whereas a result of restructuring, and following consultation, the employee's position is disestablished and the employee declines an offer of employment that is on terms that are:

- the same as, or no less favourable, than the employee's conditions of employment; and
- in the same capacity as that in which the employee was employed by the employer, or
- in any capacity in which the employee is willing to accept.

39.10 Job Search

Employees will be assisted to find alternative employment by being able to have a reasonable amount of time off work to attend job interviews without loss of pay. This is subject to the team leader/manager being notified of the time and location of the interview before the employee is released.

39.11 Counselling

Counselling for the employee and their family will be made available as necessary.

39.12 Change of Ownership

Where an employee's employment is being terminated by the employer by reason of the sale or transfer of the whole or part of the employer's business, nothing in this agreement shall require the employer to pay compensation for redundancy to the employee if:

- a. The person acquiring the business or the part being sold or transferred -
 - i. has offered the employee employment in the business or the part being sold or transferred; and
 - ii. has agreed to treat service with the employer as if it were service with that person and as if it were continuous; and
- b. The conditions of employment offered to the employee by the person acquiring the business or the part of the business being sold or transferred are the same as, or are no less favourable than, the employee's conditions of employment, including:
 - i. any service-related conditions; and
 - ii. any conditions relating to redundancy; and
 - iii. any conditions relating to superannuation - under the employment being terminated; and
- c. The offer of employment by the person acquiring the business or the part of the business being sold or transferred is an offer to employ the employee in that business or part of the business either:
 - i. in the same capacity as that in which the employee was employed by the Employer, or
 - ii. in any capacity that the employee is willing to accept.
- d. Where the person acquiring the business does not offer the employee employment on the basis of a, b, and c above, the employee will have full access to the staff surplus provisions.

39.13 Employee Protection Provisions

The parties acknowledge that Section 69M of the Employment Relations Act requires all collective agreements to contain provisions in relation to the protection of employees where their employer's business is restructured. It is agreed that these provisions exist within the current collective agreement or by virtue of the statutory provisions set out in Sections 19, 20 and 21 of Schedule 1B of the Employment Relations Act 2000.

40 LEAVE TO ATTEND EMPLOYEE RELATIONS EDUCATION LEAVE

- 40.1** Employers shall grant paid Employment Relations Education Leave to members of the PSA covered by the Agreement in accordance with the provisions of Part 7 of the Employment Relations Act 2000. The purpose of this leave is for improving relations among unions, employees, and the employer and for promoting the object of the Act.
- 40.2** EREL: the number of days education leave granted is based on the formula as per the Employment Relations Act as follows
- | | |
|-----------------------|-----------------------------------|
| 1 to 5 employees | 3 days |
| 6 to 50 employees | 5 days |
| 51 to 280 employees | 1 day for every 8 FTE |
| 281 or more employees | 35 days plus 5 for every 100 FTE. |
- 40.3** The PSA shall send a copy of the programme for the course and the names of employees attending, at least 28 consecutive days prior to the course commencing.
- 40.4** The granting of such leave shall not be unreasonably withheld taking into account continuing service needs.

41 WORKING TOGETHER

41.1 Deduction of PSA Subscriptions

The employer shall deduct union fees from the wages/salaries of employees when authorised in writing by members. In addition, the employer shall provide the PSA with a list of employees whom they are making deductions from on a quarterly basis on request.

41.2 Union Meetings

- 41.1.1** The employer shall allow every employee covered by this collective agreement to attend, on ordinary pay, 2 meetings (each of a maximum of 2 hours' duration) of their union in each year (being the period beginning on the 1st day of January and ending on the following 31st day of December). This is inclusive of any statutory entitlement.
- 41.1.2** The union shall give the employer at least 14 days' notice of the date and time of any meeting to which sub-clause 41.2.1 of this clause applies.
- 41.2.3** The union shall make such arrangements with the employer as may be necessary to ensure that the employer's business is maintained during any meeting, including, where appropriate, an arrangement for sufficient employees to remain available during the meeting to enable the employer's operation to continue.
- 41.2.4** Work shall resume as soon as practicable after the meeting, but the

employer shall not be obliged to pay any employee for a period greater than 2 hours in respect of any meeting.

- 41.2.5** Only employees who actually attend a union meeting shall be entitled to pay in respect of that meeting and to that end the union shall supply the employer with a list of employees who attended and shall advise the employer of the time the meeting finished.

41.3 PSA Delegate / Workplace Representative

The employer accepts that employee job delegates are the recognised channel of communication between the union and the employer in the workplace.

- (a) Accordingly paid time off (at ordinary time rates) shall be allowed for recognised employee delegates to attend meetings with management, consult with union members, and other recognised employee job delegates and union officials, to consult and discuss issues such as management of change, staff surplus, and representing employees.
- (b) Prior approval for such meetings shall be obtained from management. Such approval shall not be unreasonably withheld.

The amount of paid time off and facilities provided shall be sufficient to enable delegates and Convenors of delegates (where these positions exist) to give adequate consideration to the issues in the workplace.

Where recognised workplace activities are required outside working hours, delegates shall be paid at ordinary rates or granted time in lieu on a time for time basis.

41.4 Right of Entry

The authorised officers of the union shall, with the consent of the employer (which consent shall not be unreasonably withheld) be entitled to enter at all reasonable times upon the premises for the purposes of union business or interviewing any union member or enforcing this Agreement, including where authorised access to wages and time records, but not so as to interfere unreasonably with the employer's business.

42 EMPLOYEE ACCESS TO PERSONAL INFORMATION

Employees are entitled to have access to their personal file in accordance with the organisation's procedures.

43 EMPLOYMENT RELATIONSHIP PROBLEMS

- 43.1** These include such things as personal grievances, disputes, claims of unpaid wages,

allowances, or holiday pay.

43.2 Let the Employer Know

Employees who have a problem in their employment should let the employer know so that the problem can be resolved in a timely manner. In most cases employees will be able to approach their manager to talk the issue through and reach an agreement. HR can help with this process. However, it is recognised that sometimes employees may not feel comfortable in approaching their manager or an agreement may not be able to be reached. If this is the case, employees may wish to contact a PSA delegate or organiser to get advice or assistance.

43.3 Representation

At any stage PSA members are entitled to have appropriate PSA representation working on their behalf.

The PSA Organising Centre is on-line between 8:30am and 5:00pm, Monday to Friday.

Free phone	0508 FOR PSA 0508 367 772
Email	enquiries@psa.org.nz
Website	www.psa.org.nz

The employer will work with the employee and the PSA to try and resolve the problem. The employer can also choose to have a representative working on its behalf.

43.4 Mediation Services

If the problem continues employees have the right to access the Mediation Service. The mediators are employed by the Employment Relations Service as one of a range of free services to help people to resolve employment relationship problems quickly and effectively. The mediators will help the parties decide on the process that is most likely to resolve problems as quickly and fairly as possible.

Employees can ask their union organiser/delegate to provide assistance in accessing this service. Alternatively, the Mediation Service can be contacted on 0800 800 863.

43.5 Employment Relations Authority

If the parties are still unable to resolve the workplace problem, employees can apply to the Employment Relations Authority (ERA) for assistance. The ERA is an investigative body that operates in an informal way, although it is more formal than

the Mediation Service. The ERA looks into the facts and makes a decision based on the merits of the case, not on legal technicalities.

Again, employees can ask a union organiser to provide assistance in accessing this service.

43.6 Personal Grievances

Employees may feel that they have grounds for raising a personal grievance with the employer (for unjustified dismissal, unjustifiable disadvantage, discrimination, duress, sexual or racial harassment). If this is the case, employees need to raise their grievance within 90 days of the action occurring or the grievance coming to their notice. This period of time increases to 12 months for grievances of sexual harassment. If the grievance is not raised to the employer's attention within this timeframe the employee's claim may be out of time.

If the employee's grievance is raised out of time, the employer can choose to accept the later grievance or to reject it. If the employer chooses to reject it, the employee can ask the ERA to grant leave to raise the grievance out of time.

The employee's grievance needs to be raised with the employer so that the employer knows what it is about and can try to work to resolve it. The employee can verbally advise the employer or put the grievance in writing. The employee's PSA delegate or organiser can help with this process. Once the employer knows of the employee's grievance, the employer is able to respond to the expressed concerns.

Healthy Workplaces Agreement

February 2010

The parties to the DHB / CTU Health Unions National Terms of Settlement agree that all employees should have healthy workplaces.

Achieving healthy workplaces requires:

1. Effective care capacity management¹; having the appropriate levels of staff, skill mix, experience, and resourcing to achieve a match between demand and capacity
2. Systems, processes, and work practices that ensure efficient scheduling and a credible, consistent, and timely response to variance in demand
3. A workplace culture between employees and their managers that reflects an understanding and actively advocates a balance between safe quality care, a safe quality work environment and organisational efficiency.
4. Recognition that everyone can be a leader by using the authority (expertise) vested in their role to participate and constructively engage with others.
5. The development of a learning culture that emphasizes employees at all levels being given the opportunity to extend their knowledge and skills, as identified in their performance development plans where they are in place.
6. Appreciation that good patient outcomes rely on the whole team and that teams need opportunities to work and plan together.
7. Having the right tools, technology, environment, and work design to support health and safety and to ensure effective health care delivery. This includes the opportunity to be involved in the decisions about what is needed and when.

The parties agree that these seven elements should be evident in all DHB workplaces and apply to all employees, and agree to work jointly towards the implementation of them by the following:

¹ Care capacity management is the process of ensuring that the demand for service placed on an organisation can be adequately met within a context of quality patient care, a quality work environment for staff, and fiscal and procedural efficiency.

- The parties agree to work together to establish a national framework for a whole of system approach to care capacity management which;
 - provides efficient, effective, user friendly processes and structures
 - provides centralized, multi stakeholder governance
 - is used consistently and effectively at all levels to manage and monitor care capacity
 - includes a core data set by which the health of the system is monitored and is used to inform forecasting, demand planning, and budgeting
 - includes consistent, credible, required responses to variance in care capacity
 - recognises the need for local solutions consistent with the principles of healthy workplaces
- Each party will undertake to promote and model behaviour that demonstrates productive engagement and builds a workplace culture that enables everyone to feel their contribution is valued and respected. Opinions of those performing the work will be sought when new innovations, improvements and changes are required, in a manner consistent with consultation and change management processes referred to below
- Quality of care and quality of the work environment are agreed priorities that underpin productivity and will be incorporated in all workplace processes and actively sponsored at all levels of the organisation.
- Developing and maintaining policies and practices that actively encourage all employees to be confident in leading and making decisions within their levels of expertise and experience.
- Access for all employees to appropriate professional development and appropriate learning opportunities, including appropriate national qualifications, in order to give them greater opportunities to extend their roles and responsibilities within the public health system.
- Facilitating appropriate release time to attend relevant professional development and learning opportunities;
- A wider team approach to planning and evaluation of service capacity and service delivery will be used to ensure the right people with the right skills are providing the right care (role) at the right time in the right place. This will support staff in taking responsibility and accountability for their own services' performance and using the tools and policies in place to effect improvement.

- Nationally consistent consultation and change management processes to facilitate both input into decision making on issues affecting the workplace and active engagement in the development and /or problem solving of initiatives to address the issues.

Escalation Pathway for Mental Health and Public Health

In the event that an acute staffing shortage cannot be alleviated, patient cares, and the volume and range of services may be reduced in accordance with direction by the appropriate manager and employer policies. In addition, the escalation process shall apply:

When an individual/team considers they have reached the limits of safe practice they will be supported to resolve the situation as follows:

- The manager will be immediately informed of the situation by the staff member.
- The staff member will not be required to take additional workload until strategies have been implemented to address the immediate workload issues (e.g., the redeployment of staff or patients), notwithstanding any immediate duty-of-care requirements

If the process outlined above does not resolve the situation, steps will be taken immediately to elevate the issue to that level of nursing service management authorised to resolve the immediate problem and take steps to reduce the likelihood or a recurrence of similar problems.

- The most senior nurse in the District, at the time of the event, will report the event to the most senior manager in the District as soon as is reasonably possible. [For example; The Nurse or Duty Manager will immediately advise the Director of Nursing (DoN) or DoN MHN or, if the DoNs are not available, the Manager responsible for the hospital at that time.]
- Direct assistance will then be Hospital Lead by the DoN as soon as is reasonably possible.
- All incidents shall be reported and investigated and a PSA delegate will be involved in investigations and corrective measures.

Retiring Gratuities

For the purposes of establishing eligibility for a retiring gratuity, total service may be aggregated, whether this be part-time or full-time, or a combination of both at different periods. Part-time service is not to be converted to its full-time equivalent for the purpose of establishing eligibility.

Where part-time service is involved, the gratuity should be calculated to reflect this. The number of hours per week employed during the years of service is calculated as a percentage of the number of hours represented by a full week and this percentage is applied to the rate of pay established for gratuity purposes.

Gratuities may be paid to the spouse or if no surviving spouse, the dependent child(ren) of employees who died before retirement or who died after retirement but

before receiving a gratuity. Spouse is defined as a person with whom a marriage contract has been made or who is in a de facto relationship.

The calculation of a gratuity entitlement shall be in accordance with the scale detailed above, provided that the amount of any gratuity previously received in respect of service taken into account in the calculation shall be deducted.

For the purposes of calculating the amount of gratuity which the employer may pay, the rate of pay on retirement shall be the basic (Normal/Ordinary) rates of salary or wages (T1).

An employee who is granted leave without pay and who remains in the service of the employer, will, on retirement, have such leave aggregated with other service for gratuity purposes.

Notice requirements for retirement are specified in employer policies. See the DHB schedules below for conditions on payments.

In the case of employees with less than 10 years' service at 31 December 1996 a retiring gratuity may be paid calculated on the basis of 3.1 consecutive days pay (31 December 1996 pay rate) for each complete year of qualifying service. For the purposes of calculating the amount of gratuity the rate of pay as at 31 December 1996 shall be the basic (Normal/Ordinary) rate of wage.

Employees may refuse to work the modified roster, provided that the employee shall not unreasonably refuse and shall advise the employer of his or her refusal at the earliest possible opportunity.

4 + 2 Rosters

Rostering Principles

- Rosters will be published 4 weeks in advance but with the employer reserving the right to make changes up to 2 weeks in advance by mutual agreement.
- There will be the opportunity for employees to work across all shifts.
- Concerns regarding fairness and equity of rostering will be addressed through the linemanager, involving the union if necessary.

At the discretion of the employer, 4 + 2 rosters may be implemented in inpatient units where at least 75% of the nursing staff agree to participate (any ballot relating to the introduction to a 4 +2 roster shall involve all potentially effected nursing staff, including those represented by other unions or no union.) Rosters will initially be introduced into a unit on a trial basis.

In the event that a 4 + 2 roster is introduced to a unit the employer may decide to discontinue the 4 + 2 roster but must consult with the union prior to making any such decision. The Agreement shall be deemed varied to permit the following:

1. Nurses shall work a rotating 4 days on – 2 days off shift roster, repeating over a 6-week period. Full time employees shall work 5 days per week on 4 weeks, and 4 days per week on the other 2 weeks, of the cycle.
2. Nurses employed to work full duties shall work 8 hours and 35 minutes each duty.
3. The additional 35 minutes worked each day shall not be paid at overtime rates but will be accrued at T1 rate and paid during the week(s) of the roster cycle that the nurse works the 4 (ordinary pay) days. A full-time employee will therefore receive a standard 80-hours ordinary pay each pay period, plus any other appropriate allowances.
4. Overtime rates will apply only after the nurse has worked 8 hours and 5 minutes, or more than 80 hours per 2-week period (excluding the 35 minutes worked each day above).
5. Shift allowances and penal rates will be paid for a maximum of 8 hours only in respect of relevant duties.

Cultural content endorsed by Dame Rangimarie Naida Glavish, Chief Adviser to Tikanga Māori, Auckland District Health Board.

Kowhaiwai Design: Bernard Makoare.

Design of the cover demonstrates our Treaty Relationship, and the merging of two cultures, management, and workforce to strive to provide excellent comprehensive services in the DHBs.

The Kowhaiwai design, gifted to the Auckland District Health Board by Ngāti Whātua, stands in the first instance to represent the ADHB; and then given for general usage. In the second instance it represents RoNZ, the other DHBs outside the Auckland Region. In this way the cover describes the MECAs for both RoNZ and the Auckland DHBs.
