

## Maximum Contribution Applying in Each Territorial Local Authority Region From 1 July 2023

Under section 53 of the Residential Care and Disability Support Services Act 2018, the Director-General of Health is required to notify the maximum contribution that applies in each region for long-term aged residential care.

The maximum contribution is the maximum weekly amount (inclusive of GST) that a resident assessed as requiring long-term residential care (through a needs assessment and service coordination agency) is required to pay for contracted care services provided to them in the region in which their rest home or continuing care hospital is located.

The maximum contribution is the same for all residents regardless of the type of contracted care services they receive. It is equivalent to the rest home contract price applying to residential care facilities in each territorial local authority region.

The maximum contribution set by this notice applies from **1 July 2023** and replaces the previous maximum contribution notice published in the [New Zealand Gazette, 1 September 2022, Notice No. 2022-go3691](#).

The daily GST exclusive contract price for rest home care has been increased by \$5.72 a bed day. The result was increased by 5 percent. Where a Territorial Local Authority includes only facilities that have been designated as isolated rural facilities, or the only other facility is Te Whatu Ora owned, a further \$5 a bed day has been added. GST has been added and the result has been multiplied by seven to determine the new maximum contribution. The calculations are rounded to two decimal places at each step.

<b>Region: Territorial Local Authority</b>	<b>Maximum Contribution Weekly \$ (GST Inclusive)</b>
Far North District	\$1,360.59
Whangarei District	\$1,389.99
Kaipara District	\$1,360.59
