

Pay Equity Qualification Equivalencies

These qualifications are accepted for Cultural Competency

To be considered as equivalent to the New Zealand Certificate in Health and Wellbeing (Advanced Support) Level 4, you will need to meet Cultural Competency i.e the mandatory requirement whereby graduates must consider, respect and honour the history of Māori as tangata whenua by embedding a commitment to bicultural principles.

The following qualifications have been accepted for cultural competency purposes.

Scroll down below for table of qualifications that DO NOT give the applicant Cultural Competency for pay equity purposes.
