

Intensive Care Medicine

Courses/Conferences/Other

- College Fees (excluding Crit IQ subscription)
- ADAPT Course (compulsory)
- ALS or APLS (APLS if Paeds trainee) (compulsory)
- Communication Course (compulsory)
- Management Skills Course (compulsory)
- Cardiac Echo Course (compulsory)
- Emergency Airway Skills Course (compulsory)
- Donor awareness course (compulsory)
- Part I exam course (attendance at one during basic training)
- Part II exam course (attendance at one during advanced training)
- Part III Course
- CICM NZ Trainee Conference Day

Textbooks

1 textbook per section per year

Clinical ICU

- Civetta, Taylor and Kirby's Critical Care
- Textbook of Critical Care (MP Fink et al)
- Principles of Critical Care (JB Hall et al)
- Critical Care Medicine: Principles of Diagnosis and Management in the Adult
- Irwin and Rippe's Intensive Care Medicine
- Current Critical Care Diagnosis and Treatment (FS Bongard et al)
- Oh's Intensive Care Manual
- Clinical Intensive Care and Acute Medicine

Clinical Examination

- Talley and O'Conner Clinical Examination
- Examination in Intensive Care Medicine (Carole Foot)

Anatomy

- Anatomy for Anaesthetists (H Ellis et al)
- Gray's Anatomy for students, Drake

Anaesthesia

- Equipment for Anaesthesia and Intensive Care (WJ Russell)
- Oxford Textbook of Anaesthesia
- Smith and Aitkenhead Textbook of Anaesthesia
- Miller's Anaesthesia

Paediatrics

- Rogers Handbook of Paediatric Intensive Care
- Textbook of Paediatric Anaesthesia (Hodder Arnold Publication)

Medicine

- Harrison's Principles of Internal Medicine Vol 1&2
- Oxford Textbook of Medicine (Oxford medical publications)

Surgery

- Clinical Surgery (A Cuschieri et al)
- Current surgical diagnosis and treatment (GM Doherty)

Pharmacology

- Basic and clinical pharmacology, Katzung
- Goodman & Gillman's pharmacological basis for therapeutics
- Haddad and Winchester's Clinical management of poisoning and drug overdose (MW Shannon et al)
- Rang and Dale's Pharmacology
- Drugs in Anaesthesia and Intensive Care (Smith)
- Goodman and Gillman's Pharmacological Basis for Therapeutics

Statistics

- Statistical methods in medical research (P Armitage et al)
- Statistical methods for anaesthesia and intensive care (PS Myles et al)

Monitoring

- Techniques in Bedside Hemodynamic monitoring (EK Daily et al)
- Principles of Measurement and Monitoring in Anaesthesia and Intensive Care
- Basic Physics and Measurement in Anaesthesia (Davis)
- Clinical Monitoring: Practical Application for Anaesthesia and Critical Care (Lake et al)

Physiology

- Textbook of medical Physiology. Guyton
- Ganong's review of medical physiology
- Principles of Physiology for the Anaesthetist, Kam

Physiology – Respiratory

- Nunn's Applied Respiratory Physiology
- Respiratory Physiology – the Essentials (West)

Physiology – Cardiovascular

- Cardiovascular Physiology (Pappano & Weir)

Toxicology

- Haddad and Winchester's Clinical Management of Poisoning and Drug Overdose (MW Shannon et al)

Other

- Interpretation of diagnostic tests (J Wallach)
- Lippincott's Illustrated Reviews: Microbiology
- Data Interpretation in Intensive Care (Venkatesh et al)

The Reimbursement Training Lists have been developed by the DHBs and STONZ to provide a guide on appropriate and relevant expenses that facilitate acceptance on to a training programme, or are requirements for completion of vocational training. The development process included input from the specialty colleges, DHB training committees, college supervisors and trainee representatives. These lists are not exhaustive and RMOs can seek reimbursement for items that are not on the lists provided:

The item is a requirement of training, or an application prerequisite set by the relevant Speciality College; or
Where the item is not a requirement of training or an application prerequisite, it must be considered generally relevant and beneficial to relevant RMOs towards completion of the vocational pathway

Endorsed for reimbursement by the appropriate clinical lead

Refer to clause 10 Employment Related Expenses of the DHB & STONZ National Manual for information on when the lists will be reviewed and how to request an item be added or removed.

College and exam fees required to obtain a New Zealand or Australasian vocational scope of practice will be reimbursed as detailed in Clauses 10.3 and 10.6.2.
