

Radiation Oncology

Courses/Conferences/Other

- RANZCR Phase 1 Foundation Course (Australia)
- RANZCR Phase 1 exam preparation course (Australia)
- RANZCR Phase 2 exam preparation Course (Australia)
- RANZCR Paediatric Radiation oncology Course (Australia)
- ESTRO Radiobiology course (Australia)
- FRONNZ Phase 2 workshops
- FRONNZ Phase 1 Workshops
- TROG-FRO Trainee SMART workshop (**1 per trainee**)
- RANZCR NZ Branch ASM
- ASTRO online Spring refresher course \$250USD **ONCE only**
- Falcon Contouring Workshops (once per year for PH2 trainees, once per sub-site during PH2 training)
- Oncology Imaging Interpretation – Lightbox Radiology Course

Textbooks

Anatomy

- Last's
- Grey's
- e-anatomy IMAIOS online (75USD p/year, **pre phase 1 trainees only**)
- Grants, **or**
- Netters

Radiobiology

- Basic Clinical Radiobiology; Joiner
- Radiobiology for the Radiologist; Hall

Physics

- The Physics of Radiation Therapy; Khan
- Khan's Lectures; Handbook of the Physics of Radiation
- Physics for Clinical Oncology (Radiotherapy in Practice) Amen Sitabeth

Pathology

- Pathologic Basis of Disease (Robbins and Cotran etc)

General

- Principles and Practice of Radiation Oncology; Halperin Perez and Brady
- Clinical Radiation Oncology'; Gunderson and Tepper
- AJCC Staging Manual
- Target Volume Delineation and Field Setup: A Practical Guide for Conformal and Intensity-modulated Radiation Therapy; Edited by Nancy Lee
- **Either** Handbook of Evidence based Radiation Oncology; Hansen, **or**
- Essentials of Clinical Radiation Oncology; Ward, Tendulkar and Videtic
- Paediatric Radiation Oncology; Halperin
- Radiation Oncology: Rationale, Technique. Results; Cox

The Reimbursement Training Lists have been developed by the DHBs and SToNZ to provide a guide on appropriate and relevant expenses that facilitate acceptance on to a training programme, or are requirements for completion of vocational training. The development process included input from the specialty colleges, DHB training committees, college supervisors and trainee representatives. These lists are not exhaustive and RMOs can seek reimbursement for items that are not on the lists provided:

The item is a requirement of training, or an application prerequisite set by the relevant Speciality College; or
Where the item is not a requirement of training or an application prerequisite, it must be considered generally relevant and beneficial to relevant RMOs towards completion of the vocational pathway

Endorsed for reimbursement by the appropriate clinical lead

Refer to clause 10 Employment Related Expenses of the DHB & SToNZ National Manual for information on when the lists will be reviewed and how to request an item be added or removed.

College and exam fees required to obtain a New Zealand or Australasian vocational scope of practice will be reimbursed as detailed in Clauses 10.3 and 10.6.2.
