1. Children's Worker Safety Checks

Introduction

A Children's Worker Safety Check is a legislative requirement under the Children's Act 2014 (the Act) for children's workers providing maternity services. It will be required for existing primary maternity services providers from 1 July 2018 and is a current requirement for all new authorisations to claim under the Primary Maternity Services Notice 2007. The information in this document is relevant for all providers of primary maternity services, whether midwives, general practitioners, or other health professionals.

CV Check (NZ) Ltd (CVCheck) provides independent third-party safety checks on children's workers to help individuals and employers comply with their obligations under the Act. These safety checks involve gathering a range of key information about a person and evaluating this information to determine whether the person poses any risk in being employed to work with children.

CVCheck has been Gazetted by the Director-General of Health and selected as the provider of Children's Worker Safety Checks for specific groups of children's workers from the Ministry of Health, Ministry of Education and Ministry of Social Development (see <https://gazette.govt.nz/notice/id/2017-go730>)

Your Children's Worker Safety Checks

To participate in the CVCheck safety check service you register with the service online and indicate which type of safety check you need. There is a cost associated with this service.

The type of Children's Worker Safety Checks required to be conducted on you will depend on your individual circumstances. Please read the next page "What package are you required to order?" to assist you in selecting the correct package.

Once CVCheck has conducted all your Children's Worker Safety Checks, you will be provided with a **Final Assessment** which details the outcome of each of your checks. You can view a sample by visiting this page on our website: <https://cvcheck.com/gnz/cwsc-assessment>

The result of this Final Assessment is either:

- Clearance to work with children for 3 years; or
- Notice that your clearance has been declined.

You can easily download and share your Final Assessment report directly from your CVCheck account

To get your checks underway, please follow the instructions on the next page.
