1. Introduction

- 1.1 The Voluntary Bonding Scheme (the Scheme) is a practical initiative run by Health New Zealand Te Whatu Ora (Health New Zealand) to encourage newly qualified health professionals to work in the communities and specialties that need them most, and to retain essential health professionals in Aotearoa New Zealand.
- 1.2 The Scheme is targeted to new or recent graduate dentists and oral health therapists, with the aim of incentivising them to work for eligible providers or practices. Those accepted to the Scheme can become eligible for payments in the first three-to-five years of their career, to help repay their student loan or as top-up income.
- 1.3 To be eligible to register for the Scheme and qualify for payment(s), you must:
- be a New Zealand citizen or permanent resident ¹ at the time you make an application for payment;
 - have completed your final year of study in **2021, 2022 or 2023** for your undergraduate qualification for your profession at an accredited New Zealand Training Institution (clauses 1.11 to 1.13) (being **postgraduate year one, two or three in 2024**);
 - be registered, or be eligible to be registered with the Dental Council of New Zealand - Te Kaunihera Tiaki Niho;
 - have commenced working, or intend to start working, in the profession for which you have trained and intend to do so for at least three and up to five years;
 - work for eligible providers or practices in Aotearoa New Zealand as per the eligibility criteria for dentists or oral health therapists (clause 4.3) for at least three and up to five years beginning on the applicable commencement date (refer clauses 4.7 to 4.10) and
 - comply with all other terms and conditions of the Scheme.
- 1.4 Involvement in the Scheme involves four phases:
- Registration of Interest
 - confirmation of a place on the Scheme
 - participation (employment)
 - application(s) for payment.
- 1.5 **In order to be eligible for payment**, you must register for the Scheme, have had your place on the Scheme confirmed and have met the Scheme's Terms and Conditions during the participation phase. **You must also apply for payment within twelve (12) months of becoming eligible for payment, under the Terms and Conditions of the Scheme.** Health New Zealand strongly encourages you to apply for payment no later than six months after becoming eligible to apply under the Terms and Conditions.
- 1.6 Health New Zealand also recommends that you check your progress while participating in the Scheme (by contacting us via email at ybs@health.govt.nz), particularly:
- at the three, four- and five-year points after registering for the Scheme, and
 - if you change employers, take parental leave or take extended leave.
- 1.7 You will not be eligible for any payment from the Scheme until you have completed at least three full years (36 months) on the Scheme, in accordance with these Terms and Conditions.
- 1.8 The Scheme is a voluntary process and you, not Health New Zealand, are responsible for any employment decisions you may make based on your intended participation in the Scheme, including decisions about working in eligible providers or practices.

¹ For the purposes of the Scheme, Permanent Residents include those who hold a NZ Permanent Resident Visa, or a Returning Residents Visa (which notes no expiry date for travel).

- 1.9 You are responsible for notifying Health New Zealand of any change of postal address, email address or other contact details in a timely manner.
- 1.10 There are limited places available on the Scheme. Where eligible Registrations of Interest exceed the number of places available on the Scheme, a selection process will be conducted. This is not subject to appeal.

- have completed the requirements of an undergraduate training programme for Dentistry or Oral Health Therapy in **2021, 2022 or 2023** from an accredited New Zealand tertiary institution (clause 1.12); (being **postgraduate year one, two, or three in 2024**) and

- 1.12 The accredited New Zealand training institution for Dentists is:
- University of Otago
- Accredited New Zealand training institutions for Oral Health Therapists are:
- University of Otago
 - Auckland University of Technology
- 1.13 Overseas trained registrants (including dental therapists and dental hygienists) who gained their undergraduate professional qualifications from an overseas training institution in **2021, 2022 or 2023** and who meet the registration requirements of the Dental Council of New Zealand - Te Kaunihera Tiaki Niho may be considered for the Scheme on a case-by-case basis if they meet all other eligibility criteria and other Terms and Conditions of the Scheme. This will be assessed prior to your confirmation of a place on the Scheme.

Definition of an Eligible Registrant

- 1.14 Eligible graduates are those who completed their studies towards their undergraduate degree in **2021, 2022 or 2023** (being **postgraduate year one, two or three in 2024**) and can provide evidence of having done so (if requested by Health New Zealand), irrespective of the date of their graduation ceremony.

2. Registration of Interest

- 2.1 In order to be a participant on the Scheme, you must successfully register your interest and be confirmed on the Scheme.
- 2.2 To successfully register your interest, you must complete the online Registration of Interest form and provide information to show that you meet, or intend to meet, the eligibility criteria of the Scheme. The Registration of Interest period is typically six weeks in duration. You are responsible for ensuring that you register during this period. Entries outside this period will not be considered. It is your responsibility to ensure that you successfully register for the Scheme and obtain a formal notification from Health New Zealand confirming this.
- 2.3 Completing a Registration of Interest does not guarantee a place on the Scheme. The purpose of the Registration of Interest process is to provide information about your future work plans so that you can be considered for one of the places on the Scheme.
- 2.4 If you have previously registered for the Scheme in an earlier intake and have already received a Scheme payment, you are not eligible to register for the 2024 or receive additional payment(s) under a new Scheme registration. If you have previously registered for the Scheme but have not received any payments from the Scheme, your previous registration can be voided at your request, and (if eligible) you may re-register for the

Scheme. Please contact vbs@health.govt.nz if you have any queries.

3. Confirmation on the Scheme

- 3.1 There are limited places on the Scheme. Successfully registering your interest for the Scheme does not guarantee you will be confirmed on the Scheme.

- 3.3 There are limited places available on the Scheme. Where eligible Registrations of Interest exceed the number of places available on the Scheme, a selection process will be conducted. This is not subject to appeal.

Moving between eligible hard-to staff Providers and Practices

- 4.4 You must commence working in one of the eligible providers or practices listed in clause 4.3. If you wish to change the provider or practice you are working for, you may only do so in accordance with clauses 4.12 to 4.13. If you are seeking to move to a rural and remote practice, Māori or Pacific provider, you will need to obtain approval in writing from Health New Zealand (refer clause 4.12).

Commencement Date

- 4.5 If you were already working for an eligible provider or practice on or before 1 January 2024, your Commencement Date on the Scheme is **1 January 2024**. Time employed in an eligible position prior to this date does not contribute towards the bonding period.
- 4.6 If you began (or begin) working for an eligible provider or practice after 1 January 2024, your Commencement Date is the date on which your employment began.
- 4.7 If you have indicated in your Registration of Interest that you intend to shift into employment with an eligible provider or practice, your Commencement Date is the date that your employment for that provider or practice begins.
- 4.8 If you have not commenced employment in accordance with these Terms and Conditions by **30 June 2025**, your confirmation on the Scheme will lapse and you will cease to be eligible for the Scheme and payment(s).

Minimum Employment Requirements

- 4.9 To be eligible for payments, you must be employed for a minimum of 0.6 FTE (this may be an average FTE for any 12-month period of employment if your hours worked fluctuated for any reason). This equates to 24 hours per week, or 1,152 hours across a normal working year of 48 weeks.
- 4.10 You will not be eligible for payment from the Scheme if you undertake substantive or continuous locum work that means that you cannot meet the breaks and pauses clauses (clauses 4.14 to 4.17 and 4.21 to 4.23).
- 4.11 You are responsible for verifying that the FTE requirements have been met and will be required to make a declaration and provide a certificate of service from your employer(s) before each bonding payment is made (Section 5).

Moving Between Eligible Providers or Practices

- 4.12 You may move between eligible providers or practices listed in clauses 4.3 OR listed in any Voluntary Bonding Scheme Terms and Conditions for dentists or oral health therapists after 2024. If you are seeking to move to a 'rural and remote' practice, or Māori or Pacific provider you will need to obtain written approval from Health New Zealand that your intended practice is in considered eligible (please email ybs@health.govt.nz).
- 4.13 You cannot move to an eligible provider or practice that is listed in any Voluntary Bonding Scheme Terms and Conditions before 2024 that is not listed in clause 4.3.

Breaks and Pauses in the Term of Service

- 4.14 You can take up to 14 weeks absence (total paid and unpaid leave and absences, not including Parental Leave) in a 12-month period from your position in an eligible provider or practice without affecting your eligibility for bonding payments. Such an absence is known as a "break".
- 4.15 A "pause" is any time beyond the 14 weeks break allowance that you spend away from the eligible provider or practice. Time taken as pauses is added to the term necessary to complete the bond, and no more than ten weeks may be added during the course of any

one year. No more than 50 weeks in total can be added to the five-year bonding term.

Total absences of more than 24 weeks in any 12-month period (not including Parental Leave) will render an applicant ineligible for the Scheme and payments, unless there are exceptional circumstances as accepted and agreed to in writing by Health New Zealand (refer clauses 4.24 and 4.25).

- 4.16 Breaks and pauses include any leave or absence from employment, with or without pay, including normal employment leave entitlements, such as annual leave and sick leave. Breaks and pauses clauses also apply to those participating in the Scheme as contractors.
- 4.17 Locum work will also be considered an absence against the breaks and pauses provisions (see clauses 4.21 to 4.23).

Parental Leave

- 4.18 You may take up to 52 weeks parental leave (per pregnancy), in accordance with the Parental Leave and Employment Protection Act 1987 and remain on the Scheme.
- 4.19 Time spent on parental leave does not accrue towards your bonding period and must be made up. The bonding period will automatically restart as soon as you return to work for an eligible provider or practice listed in clause 4.3.
- 4.20 Time spent on parental leave (up to a maximum of 52 weeks) is separate to the break and pause provisions (clauses 4.14 to 4.17). Parental leave of over 52 weeks (per pregnancy) will be considered under the breaks and pauses clauses.

Working as a Locum

- 4.21 Locum work that you may undertake is considered an absence under these terms. If you undertake locum work such that you cannot meet the breaks and pauses clauses (clauses 4.14 to 4.17), you will not be eligible for payment from the Scheme.
- 4.22 For the purposes of the Scheme, a locum is considered to be someone who provides the services in the stead of another dentist within the same scope of practice during normal working hours.
- 4.23 When you apply for payments from the Scheme, you will be asked to confirm that you have not engaged in “substantive” locum work.

Exemptions and Reviews in Exceptional Circumstances

- 4.24 If there is a change in your circumstances that is exceptional and results in an inability to meet the 2024 Terms and Conditions, you may request an exemption from Health New Zealand. Exemptions from the standard Terms and Conditions will only be granted in exceptional circumstances, at the discretion of Health New Zealand. It is strongly recommended that you seek an exemption prior to becoming ineligible under the normal terms. If you are applying for payment and have not met the terms due to exceptional circumstances, you can also request a retrospective review.
- 4.25 Applications for exemptions under exceptional circumstances must be made in writing, with a clear explanation as to what clauses cannot be met and the exceptional circumstances which have prevented you from meeting the Terms. These can be sent to vbs@health.govt.nz, or submitted along with an application for payment.

- 5.1 You are responsible for initiating the first claim for payment after three full years (36 months) have been completed on the Scheme, in accordance with these Terms and Conditions, starting from your Commencement Date (see clauses 4.5 to 4.8).

- 5.2 If you remain on the Scheme for a fourth and fifth year, you are responsible for initiating the second and third claims for payment.
- 5.3 **To be eligible for payment under the scheme, you must apply for payment within twelve (12) months of becoming eligible for payment under the Terms and Conditions.** Health New Zealand strongly encourages you to apply for payment no later than six months after becoming eligible to apply under the terms and conditions.
- 5.4 Health New Zealand also recommends that you check your progress while participating in the Scheme (by contacting us via email at ybs@health.govt.nz), particularly:
- at the three, four- and five-year points after registering for the Scheme, and
 - if you change employers, take parental leave or extended leave.

- 5.7 Details of further information required to confirm that you have met these Terms and Conditions and to enable payment to be made (e.g., proof of identity) are outlined in the payment application form, which will be made available to you by January 2027.
- 5.8 If you have a student loan, the net Scheme payment will be made against your student loan. If the balance of your student loan is less than the Scheme payment, you will need to contact Inland Revenue once the payment has been made to enable the difference to be paid to you.
- 5.9 If you do not have a student loan, the net Scheme payment will be paid directly to you.
- 5.10 The payment for **dentists** for the first 36-month bond completed on the Scheme is **\$30,000** after tax (net). You can go on to be eligible to apply for an additional payment of **\$10,000 net** upon completion of a fourth year, and **\$10,000 net** again after a fifth year.
- 5.11 The payment for **oral health therapists** for the first 36-month bond completed on the Scheme is **\$11,796** after tax (net). You can go on to be eligible to apply for an additional payment of **\$3,932** net upon completion of a fourth year, and **\$3,932** net again after a fifth year.
- 5.12 If you are an independent contractor, a gross payment will be made and the net amount you receive will depend upon your personal tax situation.
